Diagnostic services and naturopathic supplements

Suzanne has functional laboratory services provided by LifeLabs and In-Common Laboratories. This enables her to perform comprehensive blood work, urine and stool testing, as well as special tests using saliva and hair. OHIP does not cover laboratory services requested by naturopathic doctors, therefore, patients are required to pay for these services.

Suzanne also carries professional quality products online through Fullscript for supplements that are not available through health food stores.

Cancelled and missed appointments

Please ensure to give at least 24 hours cancellation notice. This allows Suzanne to accommodate other patients who would also like to schedule an appointment. For appointments cancelled ON THE SAME DAY or missed appointments, 50% of the cost of the appointment will be charged. Consideration will be given to unforeseeable circumstances.

Payment for consultation fees

Payment for services is due at the end of each visit and a receipt will be given when payment is received. Please retain your receipt for claiming insurance, if applicable. **Fees may be paid by cash, credit card or e-transfer.** Any prescribed botanicals, supplements, or homeopathics are not included in the consultation fees.
